Who We Are
BASF is the world’s leading chemical company – The Chemical Company. We combine economic success, social responsibility, and environmental protection. Through science and innovation, we enable our customers in almost all industries to meet the current and future needs of society. Our products and system solutions contribute to conserving resources, ensuring healthy food and nutrition, and helping to improve quality of life. We have summed up this contribution in our corporate purpose: We create chemistry for a sustainable future.

DIVERSITY WELCOMED!
